

ENHANCED PAYROLL TAX REPORTING

Your one-click solution for payroll reporting

Boost your productivity gain and eliminate hours of typing with TRAVERSE Enhanced Payroll Tax Reporting. Using this highly interactive reporting tool and your TRAVERSE payroll data, you'll get over 300 certified state and federal reports, which can be printed on plain paper or filed electronically through a new optional service called eFile.

The time-consuming task of manually typing unemployment, wage withholding, and new hire reports is over. Whether your company is required to file magnetic media or you're a smaller company just looking for a secure time-saving process, electronic filing streamlines the process of state and federal payroll. Since much of the critical information you need for payroll tax forms comes right from your TRAVERSE data, Enhanced Payroll Tax Reporting helps reduce redundant entry or errors in entering the numbers. All you need to do is populate the remaining fields, verify, and file.

Over 170 state and federal agencies are involved in payroll reporting, and virtually all of them routinely change their forms. Many states have lowered the threshold for mandatory magnetic media filing (some as low as 50 employees). States are beginning to require eFiling as well.

Updating your reports is easy. All you need to do is click the Update command and the new forms are downloaded and installed automatically from a website. Updated and approved reports are released quarterly, so you don't have to worry about maintenance; the work is done for you. Guaranteed compliance effectively eliminates the risk of reports being rejected and saves you refile costs, fines, and penalties that may be enforced. Throw that old typewriter away and leave your tedious tasks behind. TRAVERSE Enhanced Payroll Tax Reporting just made your job much easier.

Affordable Care Act Compliance

Enhanced Payroll Tax Reporting helps your company stay in compliance with requirements of the Affordable Care Act. EPTR uses your existing payroll data to assist in completing 1094 and 1095 forms.

eFile

The eFile solution guarantees compliance and is very affordable. It's also easy to use: no more formatting, saving to disc, packaging, paying postage, worrying about format changes, or repeating the process if something goes wrong.
