

# GENERAL LEDGER

TRAVERSE General Ledger is the core of your accounting system. With this application you can decrease the amount of time you spend on accounting tasks while boosting control of your company's financials. Entries from other applications flow into General Ledger, giving you timely financial information essential to your decision making.

You will stay up to date on receivables, payables, budget information, and transaction history throughout your system. Maintain your journal, log recurring entries, generate audit trails, and create custom financial statements and reports for up-to-date information on your company's activities.

TRAVERSE General Ledger provides 40-character account masks and seven user-defined segments. You can have up to 367 periods per year and maintain history for an unlimited number of years.

The screenshot displays the TRAVERSE General Ledger application window. The main area shows a list of transactions with columns for Account ID, Source, Entry No, Entry Date, Description, Reference, Debit, and Credit. The transactions are sorted by entry date, showing various entries from 4/30/2016 to 4/11/2016. The interface includes a navigation pane on the left with options like 'Interactive Views', 'Transactions', and 'Reports'. A search bar and various tool icons are visible at the top of the window.

The screenshot displays the TRAVERSE software interface. The main window shows a 'GL Transaction View' with a table of transactions. The table has columns for Order Number, Transaction Date, Vendor, Vendor Name, Transaction Type, Item, Location, Description, Ordered Quantity, Unit, Document Number, Received/Invoiced Quantity, Unit Cost, and Ext Cost. Three transactions are listed for order 00000318, all dated 4/3/2016 and from vendor ARG026 (ARG Systems Inc.).

Order Number	Transaction D...	Vendor...	Vendor Name	Transaction T...	Item ...	Location...	Description	Ordered...	Unit	Document Nu...	Received/Invoiced...	Unit C...	Ext Cost
